

	Title	Current OR
1	PRESS BLOCK	29/747
2	System for mounting an electrical connector on a printed wiring board	29/739
3	Apparatus for mounting an electrical connector on a printed wiring board	29/739
4	Method of producing resin-molded product	29/883
5	Method and apparatus for mounting an electrical connector on a printed wiring board	29/842
6	Insertion tool for right angle electrical connector	29/747
7	Riveting anvil positioning device with interchangeable anvil for riveting operations performed by automatic machine tools	29/243.53
8	Method and apparatus for inserting terminal-carrying wire ends into a connector housing	29/863
9	Cable connecting machine	29/749
10	Press and modular press block for electrical connector application tooling	29/739
11	Method and apparatus for making a flat wiring harness	29/868
